THE COMMITTEE GETS TOGETHER

The Program of Its Labors Is Outlined.

WILL TAKE UP CONTESTS FRIDAY

Will Be Considered in Alphabetical Order.

Taft People Are in Control—Unless There Is Merit in the Cases of Contesting Delegates, They Will Be Thrown Out Without Any Hesitancy—Root Will Be Permanent as Well as Temporary Chairman.

Chicago, June 6.—With everything in readiness for the giant struggle soon to take place between the Taft and Roosevelt factions, leaders of the Republican party gathered at the Coliseum this afternoon to watch the first formal move in the convention fight.

At 2 o'clock the national committee meet in its quarters adjoining the convention hall to adopt rules and elect a national chairman. Leaders from every state arrived in Chicago during the morning, and by the time the committeemen were ready for their session, the line-up of the two factions was almost complete.

Charles Hilles, secretary to President Taft, was one of the day's arrivals. He took up his quarters in the Blackstone hotel, and was soon in telephonic touch with the Taft headquarters at the Congress. Hilles will remain here during the convention, keeping in touch with the leaders here and with the president in Washington.

Another of the morning's arrivals was Thomas K. Thorsen, national committeeman from South Dakota.

Scheduled for Today.

Chicago, June 6.—The national committee of the Republican party is scheduled to hold its first preconvention meeting at 2 o'clock this afternoon. With the rap of the gavel that calls its members to order, one of the bitterest fights that the Republican party has ever known will be ushered in. That this struggle is imminent is recognized by leaders of the three factions assembled here for the coming quadrennial gathering. Today their leaders were at the various headquarters early making final plans for their maneuvers before the committeemen appeared in their quarters at the Coliseum Annex.

The first fight will go to Taft. That was conceded on all sides today. There will be no contest over the seat of Victor Rosewater, acting chairman of the national committee and committeeman from Nebraska. This was intimated strongly from the Roosevelt headquarters. It was announced boldly from the Taft seat of war.

To Save His Face.

R. B. Howell, who was elected committeeman from Nebraska at the recent statewide primary, and who has asserted that he would claim Rosewater's seat because of the election may, it is true, file his credentials with the national committee when the roll is called shortly after 2 p. m. It will be done to "save his face." Howell, who arrived some days ago, loudly proclaimed that he would strive to unseat Rosewater. Since then Committeeman W. L. Ward, of New York, has arrived. Ward is regarded as Roosevelt's representative on the committee and its minority leader. He appeared surprised that there should be any talk of contests over the seating of committeemen. The Howell talk about Roosevelt headquarters has died to a whisper.

Simply To File Claim.

But Howell may be permitted to file his claim. If he does it will first be assured that he will agree to abide peacefully by the rules of the committee. The rules will permit him to assume his office after the present convention has adjourned.

But before the committee proceeds with the regular business of acting on the cases of delegates who appear before it in contest, the members will proceed to the adoption of rules. That is the important business today.

The committee has heretofore operated only under temporary rules. It has decided to frame permanent rules for its own government, and that a report of the permanent committee, headed by Committeeman Brooker, of Connecticut, will be considered. The rules will make things explicit. The manner of hearing contests. The limits of the [illegible] committeeman.

Gist of Rules Known.

While the final action of the committee will determine the methods to be used and while the report of the committee is guarded with a reserve solemnity, the gist of the rules is known. They will include a provision that the contests shall be heard by territories and states in alphabetcal order; that each side shall be allowed not to exceed thirty minutes for the presentation of each contest over delegates-at-large and fifteen minutes for district delegates; that where cases are similar, district contests may be bunched and heard all at the same time; that the same evidence may be used in various cases from the same state; that no delegates whose election was not in accordance with the call and whose name was not filed at the time fixed by the call shall be seated, except that, where there is no contest, the delegate may be seated on a majority vote of the committee.

The One Innovation.

The one innovation will be a decision to hold open session while hearings are under way. The hearings will not be "too open," however. A limited number of newspaper men will be allowed to listen to the stories. Then they will be shooed out before the committee votes.

The decision to hold open hear-

WILL NOT WEAR GRADUATION SUIT

Elgin, Ill., June 6.—Mr. and Mrs. G. W. Midgley bought a new suit for their son, Earl, aged eighteen. Then they bought a lot of presents. The suit and the presents were to be graduation day surprises when the lad got his diploma from the public schools. They told him about the graduation suit and then they found that Earl had achieved a new long distance "hookey" record. He had not been in school for an entire year.

COBALT SUFFERS $200,000 BLAZE

Fire Breaks Out in the Lyric Theater.

IS COMMUNICATED TO OTHER BUILDINGS

Fifteen Structures Are Soon in Ashes.

Assistance Is Called from Nearby Towns and Responds Promptly. Mr. and Mrs. Charles Edgerton Are Burned to Death in a Fire Which Destroys Their Summer Home in New Jersey.

Cobalt, Ont., June 6.—Fire which started in the Lyric theater here, last night, was still burning early today, having done $200,000 damage. Fifteen buildings had been destroyed, including a theater, a hotel and several business blocks.

Six firemen were overcome by the dense smoke which rolled up from the frame buildings in the business section of the town where the flames broke out.

The fire departments from New Liskeard and Haileybury were rushed here and united with the Cobalt department in an all-night fight against the flames. The fire, which originated in the explosion of an oil stove in a dressing-room of the Lyric theater during a performance there, spread with great rapidity.

The theater was filled at the time of the explosion, but all the spectators got to safety. So swift was the onrush of fire, however, that less than half an hour after the last person left the theater the walls fell.

Fire was communicated to the frame building of the Carr drygoods store, adjoining the theater, and soon that structure was a mass of flames.

Calls were sent to nearby towns for help, and fire-fighting apparatus was brought on special trains.

Burned to Death.

Budd Lake, N. J., June 6.—Charles Edgerton and his wife were burned to death here, early today, in a fire that destroyed their summer home on the edge of Budd lake.

Allen Knowles, a son-in-law of Mr Edgerton, and his wife, who were asleep on the upper floor of the house, escaped by jumping from a window.

They were awakened by the smell of smoke and, attempting to make their way down a stairway, found that the entire lower floor of the house was in flames. Neighbors were quickly notified, and an attempt was made to rescue Mr. and Mrs. Edgerton, but the flames ate their way through the frame structure so quickly that the two evidently were trapped in their room when they discovered their plight. The origin of the fire is unknown.

ROOSEVELT IS MADE TARGET

For Broadside Fired by Director McKinley,

IN THE MATTER OF THE CHAIRMANSHIP

The Identity of Elihu Root Is Established.

Root Spends Six Years in Roosevelt's Cabinet, Appointed on Alaska Commission by Colonel, Host to Colonel at Saratoga Convention, the Tool of No Man, the Master of Theodore Roosevelt.

Chicago, June 6.—Director McKinley, of the national Taft bureau, today issued the following statement with reference to the selection of Senator Elihu Root, of New York, as temporary chairman:

"Theodore Roosevelt is opposing the selection of Senator Elihu Root, of New York, as the temporary chairman of the Republican convention.

"This is the same Elihu Root who served three years as secretary of war and over three years as secretary of state in the first and second cabinets of Theodore Roosevelt.

"He is the same Elihu Root who was appointed a member of the Alaska boundary commission by Theodore Roosevelt and who served as temporary chairman of the Republican national convention of 1904, which nominated Theodore Roosevelt for the presidency.

"Senator Root is the same Elihu Root, who assisted Theodore Roosevelt and was his personal host at the Saratoga convention in New York state in 1910, when Theodore Roosevelt, as temporary chairman, not only endorsed the administration of President Taft, but praised the president personally.

"Senator Elihu Root was chosen temporary chairman of the Republican national convention by the subcommittee of the national Republican committee without consultation with any candidate or the managers of any candidate.

The Roosevelt Backdown.

"Mr. Roosevelt—first announced that he would oppose Senator Root, then withdrew his opposition, and finally, when about to lose the support of many of his delegates who realized that Mr. Roosevelt admitted his defeat when he declined the challenge he had issued himself, he again entered the lists against Senator Root.

"To do so, he had to manufacture an excuse, and his excuse now is that Senator Root is the 'tool of the bosses' and the personal choice of William Barnes, Jr., of New York.

"Every infant in arms in political matters knows that Senator Root is the 'tool' of no man.

"If anything, he was the master of Theodore Roosevelt during his presidency, and Mr. Roosevelt so valued him that he begged him personally to relinquish a private law practice worth $100,000 a year to re-enter his cabinet as secretary of state."

Old "Steam Roller" Gag.

In an interview, at noon today, Senator Dixon expressed an assurance that the "arsenic bottle program" could not be put through because of the high character of the men on the national committee.

"What is your view of the prospects of the Taft program?" Senator Dixon was asked.

"It takes twenty-seven, a majority of the fifty-three on the national committee, to put through this "arsenic bottle" program the Taft people seem to want," Dixon replied. "There are not twenty-seven men on the committee who will take the Republican party out in the alley and cut its throat," he declared.

Senator Dixon admitted that he held the proxy of a committeeman, whom he did not name.

"But I will not sit in committee on my own contests," Dixon added. "I have given my proxy to another man and a fair-minded man."

"Have you given it to Colonel Roosevelt?" was an interrogation.

"Colonel Roosevelt has the same view of the matter that I have," replied Senator Dixon.

"Are you going to support R. B. Howell, of Omaha, in his contest against Rosewater?"

"I am going to advise Mr. Howell not to present his contest for the seat," declared Dixon.

He sprang into the breakers and rescued from drowning Miss Avanelle Ferguson, a young woman residing on the ocean front. Miss Ferguson, while in bathing, swam out into deep water and was caught in a rip tide. She called for help and Goodwin, hearing her cries, hastily went to her assistance.

CANCELLING OF THE LIFEBOAT STORY

Is Denied by Official of the White Star Line.

London, June 6.—When he resumed the stand today in the board of trade inquiry into the Titanic disaster, Harold Sanderson, a director of the White Star line, denied that his company cancelled an order for forty lifeboats for the Titanic, substituting a lesser number in order to save space.

Answering questions from Thomas Scanlan, M. P., attorney for the National Seamen's and Firemen's union, Mr. Sanderson said the number of lifeboats to be supplied the Titanic was referred to before the liner sailed for New York, but no definite opinion had been expressed as to the exact number she could carry. To be on the safe side, however, the directors ordered additional boats to be placed on the ship, he said.

Church Treasurer Dead.

Fall River, Mass., June 6.—Stephen A. Chase, treasurer of the Christian Science church of America, died here today.

LAND WITHOUT ANY INVITATION

Says Cuban General, Referring to the Marines.

THE CUBANS RESENT ACT OF AMERICANS

Declare It Foreshadows Third Intervention.

Detachments of Marines Are Being Moved into the Interior of Santiago, Camaguay and Oriente Provinces To Guard the Persons and Property of Americans—Rebel Generals Withdraw Forces.

Havana, June 6.—The first clash between the Cuban and United States authorities over the landing of marines on Cuban soil came today when General Montegudo, commander-in-chief of the Cuban forces, began withdrawing troops from all properties guarded by American marines after issuing a proclamation saying that the American troops had been landed without at invitation from the Cuban government.

Indignation was expressed here today over the landing of 450 American marines at Caimanera. Anti-American politicians seized the opportunity to inveigh against the United States government declaring that America evidently intended to intervene here despite assurances to the contrary.

Word from Guantanamo City, today, that 120 United States marines had arrived there from Useo Point, added to the hostile sentiment. Detachments of American marines are being moved into the interior of Santiago, Camaguey and Oriente provinces.

President Gomez reiterates his assertions that the government is still master of the situation. He informed visitors at the national palace that he had advices from the front that rebel generals, Lynet and Estonez, had withdrawn their headquarters to an isolated point, apparently fearing to give battle to the regulars.

Small bands of rebels continue their depredations. So bad have they become along the western branches of the Cuban railroad that all trains carry armed guards.

MARTIAL LAW DOWN IN CUBA

Constitutional Guarantees Are Suspended

THROUGHOUT THE ENTIRE ISLAND

Rebel Negroes Will Be Dealt with Summarily.

Four United States Battleships Arrive at Guantanamo with 1,100 Marines and 800 Blue-Jackets Aboard Ready To Disembark at a Moment's Notice—Gomez Thanks United States for Marines.

Havana, June 6.—President Gomez today issued a decree, suspending the constitutional guarantees throughout Cuba. This places all of Cuba under martial law.

President Gomez had been authorized by a bill, passed by both houses of congress, to suspend the constitutional guarantees. All captured negro insurgents will be dealt with summarily by federals while the decree is in force.

Battleships Arrive.

Washington, June 6.—The arrival of the battleship, Missouri, Minnesota Mississippi and Ohio, off Guantanamo was reported to the navy department at noon. They have anchored off the naval station with all landing boats and launches overside, ready to send their 1,100 marines and 800 blue-jackets ashore at a moment's notice.

Dispaches from United States Minister Beaupre received at the state department today urged, at President Gomez's request, that the United States ship 10,000 Krag rifles and 2,000,000 rounds of ammunition to Cuba instead of 5,000 rifles and 1,000,000 rounds as at first requested. The first shipment is already under way, and the second shipment following today's request, soon will follow.

The ammunition will be used to arm volunteer guards of 10,000 Cubans for the protection of foreign property, leaving the regular army free to pursue the rebels.

President Gomez, through Minister Beaupre, today thanked the state department for sending marines to the interior, saying it would enable him the better to punish the insurrectos instead of using his army to guard property. Accordingly the state department has requested Secretary Meyers to have the marines in the Fourth division, now at Guantanamo, ready for patrol duty.

Desirous of maintaining at least eight battleships at Key West until the Cuban revolution has been put down, the navy department will send the First division of the Atlantic fleet to Florida not later than Saturday. This division comprises the super Dreadnaughts, Florida, Delaware, Utah and North Dakota, under command of Rear Admiral Ward.

Shooting Affair Which Occurs at a Union Meeting.

President Thomas Redding dodged from his chair when the shooting started. Two bullets struck the back of the chair.

How the shooting started, none of the members could tell the police. Members still in the hall when the police arrived were searched, but no weapons were found.

CYCLONE STRIKES A KANSAS TOWN

And Great Damage Is Done as a Result.

Kansas City, Mo., June 6.—A report reached here today that a destructive cyclone struck the town of Salina, Kansas, early today, causing much damage. Telegraph and telephone wires are down, and no details can be obtained.

At many points wind and hail have destroyed crops to such an extent that large areas of corn will have to be replanted.

Case Ordered Reopened.

Washington, June 6.—President Taft, through Attorney General Wickersham, has ordered a reopening of the case of Leonard Olson of Seattle, who was deprived of his citizenship papers by Judge Hanford, of the federal court there. Representative Victor Berger carried the matter to the attorney general, and will probably bring resolutions urging the impeachment of Judge Hanford before the house.

ENGLAND'S BIG SOCIAL AFFAIR

Masque Ball Commemorates That Given

ON THE EVE OF THE BATTLE OF WATERLOO

The Affair Is Most Brilliant Social Success.

Ladies and Gentlemen of the Early Eighteenth Century Who Danced Away the Hours Preceding the Famous Battle Are Represented by Equally Prominent Society People of the Present Day.

London, June 6.—The greatest social event of England's summer season, the masque ball commemorating that famous affair given in Brussels on the eve of the battle of Waterloo, was held tonight in Albert hall. The ball was a brilliant success, including among its guests the aristocracy of England and a large number of Americans, who are visiting here or have married into the nobility.

The ladies and gentlemen of the early eighteenth century who danced away the hours preceding the famous battle with Napoleon were represented by equally prominent society patrons of the present day. These masked counterparts of former heroes and heroines, assumed the manners and dances of the day, and as nearly as possible, brought back the conditions surrounding that historic event.

The Duke of Wellington and General Blucher were portrayed by Viscount Hardinge and Lord John Cavendish; while the Duchess of Marlborough assumed the part of the Duchess of Richmond, the hostess of the ball of a hundred years ago. These three society leaders introduced the first dance, the "Waterloo" quadrille, which included the American Duchess of Roxburghe, Mrs. Cecile Bingham and George Cornwallis West.

Among the other dances taken part in by Americans were the "Naval" quadrille, in which Lady Alfred Paget and Mrs. Alfred Beattie danced; the "Household" quadrille, with Mrs. Alastair Innes-Ker in the set; the "Society" quadrille, which included Miss Lavina Bingham, the Viscountess Curzon and Lady Acheson, and the "Dragoons" with Viscountess Maitland and Mrs. Avery.

The ball was given for the benefit of the Soldiers' and Sailors' Help society, and was one of the largest ever patronized by London society.

UNREST GROWS IN OLD WORLD

Troops Are Scattered All Over Belgium,

IN THE HOPE OF PREVENTING RIOTING

Catholic Churches and Schools Threatened.

Socialist Leaders Plead with 20,000 Men and Women Who Parade the Streets of Brussels To Be Peaceful, but Are Hooted Down—Strike of the London Dock Workers—Street Car Workers Out in Spain.

Brussels, June 6.—The political outlook throughout Belgium threatened a crisis today, while the labor situation, which has arisen through the post-election riots, is growing more serious daily. There was continuous fighting in the coal-mining districts today. Heavy bodies of troops were moved throughout the empire. In the commune of Mons, fifteen rapid-fire guns have been scattered throughout mining villages in the event that mobs give actual battle to soldiers.

The strike, called by Socialists after their defeat by the clericals at the polls, is growing. Orders of conservatives for the men to continue at work until a peaceful way can be found to bring about electoral reforms are disregarded.

A general strike was declared today at Liege and also at Borinage.

At Lalouviere, 15,000 men are out. Five thousand men quit work at Ecaussines today. Ecaussines is in the commune of Mons, in the heart of the coal fields. The heaviest body of troops is stationed at Quaregnon, four miles from the city of Mons. There is considerable artillery parked there.

Thousands of workmen are idle in this city, at Antwerp and at Ghent. The glass workers are joining in the walkout.

From Antwerp comes a report that a clerical leader was killed in a village near that city by a mob. Numerous reports of persons being attacked are received. In many quarters Catholic churches, schools and clubs are under armed guard.

Nearly all of the Catholic parochial schools have been closed. There was a big demonstration here last night when 20,000 men and women paraded through the streets. Socialist deputies tried to pacify the paraders, but were hooted down. At Jammapes, a mob fought the police, tearing up the streets and using the paving blocks for weapons. Gendarmes dispersed the rioters after sharp fighting.

Strikers Repulsed.

London, June 6.—Twelve hours of rioting at Tilbury docks were brought to an end early today when three fresh platoons of police were thrown against the unruly transport strikers, driving them off. The policemen, who had been on strike duty all night, were exhausted from their constant clashes with the rioters. During the fight, considerable damage to property was done. A hotel was nearly wrecked, and hundreds of windows were broken in warehoses and private bildings.

Hundreds of sympathizers of the strikers joined the mobs.

Tilbury docks which are among the largest on the lower Thames lie on the left bank of the river opposite Gravesend.

Civil War Threatened.

Badajose, Spain, June 6.—Striking street car workers in Northern Spain are threatening to bring about a state of civil war if the government complies with the request of electric tramway and steam railroad companies to furnish soldiers to guard strike-breakers. Strike leaders today informed the government that they have 5,000 bombs ready for use against the soldiers if the government intervenes in the strike.

Hurt in Auto Wreck.

Wheeling, W. Va., June 6.—As a result of their automobile crashing into a fence on the national road, two miles east of this city today, Summer Newton, master mechanic at the Standard garage, and will Stewart, aged fifteen, are dying at the North Wheeling hospital, and Frank Hicks and Clarence Scott and Louis Hayes are badly injured.

Dying from Fractured Skull.

New Orleans, La., June 6.—David Brown, of Memphis, a negro heavyweight, is dying today from a blow received in a prizefight at Louisiana Athletic club with Joe Tholmer of New Orleans last night. Brown's skull was fractured.

TARIFF BOARD IS WIPED OUT

By Sundry Civil Appropriation Bill Today.

DEMOCRATS USE PRUNING KNIFE

Bill Reported Is $42,000,000 Under Estimate.

The President's Efficiency and Economy Commission Is Continued. Way for Elimination of Tariff Board Is Paved by Appropriation of a Bureau of Foreign and Domestic Commerce.

Washington, June 3. —Legislating the tariff board out of existence, but continuing the president's efficiency and economy commission and appropriating $75,000 for the continuation of its work, the sundry civil appropriation bill was reported to the house today by the appropriations committee.

The committee recommends the customary $25,000 for the traveling expenses of the president.

The effect of the Democratic pruning knife is shown all through the bill. The estimates submitted by the executive for the sundry civil expenses of the government amounted to $142,008,303 and supplemental estimates were submitted amounting to $9,984,803, a total estimate of approximately $152,000,000.

Appropriations of only $109,577,414 are carried in the bill, representing the tremendous cut of more than $42,000,000 under the estimates submitted by the several departments through the executive. The sundry civil bill carries $33,000,000 less than the sundry civil measure for the present fiscal year. The committee makes no comment on the abolition of the tariff board It merely says "The appropriation of $225,000 to enable the president to secure information under section two of the last tariff act is omitted."

Way Is Paved.

The Democrats paved the way for the abolition of the tariff board, which will go out of commission June 30, if present plans carry, by providing in the executive appropriation bill recently passed by the house for the creation of a bureau of foreign and domestic commerce.

A reorganization within the next twelve months of the customs service is demanded in the bill. The president is authorized to reorganize the service before submitting estimates for the fiscal year 1914, and it is stipulated that the total cost of the customs service for that year shall be $10,150,000 instead, $10,500,000, a cut of $350,000.

A total of $8,053,517.92 is appropriated to continue the construction of public buildings, which have heretofore been authorized. The committee rejected the recommendations of the secretary of the treasury that a general fund for public buildings might be available consisting of $10,000,000 heretofore appropriated, but so far unexpended, and $3,000,000 additional to be appropriated in this bill, the entire general fund to be used in the discretion of the department and toward such buildings as it might select.

Specific Appropriation.

The committee says it prefers specific appropriations, and does not favor putting the control over the appropriations in the department to be allotted in the discretion or according to the caprice or prejudices of some official

Among the appropriations for public buildings to carry on contracts already authorized by previous laws, are the following

Postoffices, Augusta, Georgia, $100,000; Denver, Colarado, complete postoffice, $200,000, continue construction Minneapolis postoffice, $150,000 Other large appropriations toward construction of public building, several score of which are provided for in the bill follow

North Tonawanda, New York, $500,000; San Francisco, California, continue work sub-treasury, $100,000, and Tulsa, Oklahoma, $50,000.

The sum of $625,000 is appropriated for repairs and preservation of public buildings and $440,000 for their mechanical equipment

MACHINE IS TO GO 720 MILES AN HOUR

St. Louis June 3 —The Aerunicycle, the invention of two St. Louis men, William McDonald and Clinton L. Coates, is the newest freak in locomotion The contrivance, a great hoop with a rider inside, blown about by aeroplane propeller, has an estimated speed of 720 miles an hour Its simplicity of construction and minimum of traction friction combine to give it the speed, and it is asserted by its inventors to be the fastest mechanism ever devised by man. It hasn't yet made 720 miles.

Atlantic City, N J., June 3 —Thirty-nine city officials have been caught hard and fast by dictagraphs placed in city hall by Detective William J. Burns in the big graft hunt that has given Jersey City the greatest political sensation in its history, it became known today. At least sixty officials in all are involved in the scandal.

Fourteen dictagraphs were placed in the municipal building to register incriminating remarks of alleged bribe-takers and these, it is said, have produced records that "show the goods" on men who hitherto had escaped the taint of suspicion

Governor Woodrow Wilson is slated to compare the facts with the attorney general and contributors into the "pot" used to defray the expense of the probe The governor, it is said, will then take up the subject of the appointment of another extraordinary grand jury and may summon Supreme Court Justice Kalisch, who called the jury which convicted "Boss" Kuehnle to participate in the conference

It also became known today that Investigator Burns has been in conference with Governor Wilson and the attorney general almost daily since he left this city following the arrest and trial of Councilman Harry F. Dougherty, the only member of the accused city fathers, who openly defied the reform forces Burns plans to return here on Thursday or Friday and continue the graft probe.

The program from now on will be to flash the evidence on each of the sixty or more officials involved, demand their confession, and, if it is not forthcoming, start prosecutions immediately

Dougherty, with the aid of his friends, has retained A S. L. Shield, the criminal lawyer, of Philadelphia, and G W. Graham to take care of his interests His continued avowal of his innocence has brought a score or more well-known men to his assistance, and they will fight his case through to the final ditch, according to Dougherty.

Further startling developments are expected tonight, when the various factions will wage fight for control at the special meeting of council, and when men, who have been implicated, are expected to resign.

PRESIDENT TAFT GREETS GERMANS

Reviews Visiting Squadron of Warships.

GREETS GERMAN NAVAL OFFICERS

Visits of Courtesy Made and Returned.

Considerable Powder Is Burned Throughout the Day in the Firing of Salutes—Ceremonies Which Begin Today Will Extend Over Thursday—Rear Admiral Ward in Charge After Today.

Portsmouth, Va., June 3.—Laying aside politics and the cares of state President Taft gave today over to the amenities of international friendship, reviewing the visiting squadron of German warships and greeting the German naval officers.

Accompanied by Mrs. Taft, Count Von Bernstorff, the German ambassador, Secretary of the Navy George L. Von Meyer and other representatives of the government, President Taft arrived here today on the presidential yacht, Mayflower, from Washington The German squadron composed of the great Dreadnaught battle cruiser, Moltke, and the cruisers, Stettin and Bremen, were joined in Lynn Haven bay by an American fleet about 7 o'clock. In the United States welcoming fleet were the battleships, Louisiana, the flagship of Rear Admiral Winslow; Utah, Florida, Delaware North Dakota, South Carolina, New Hampshire and Kansas.

Off for the Roads.

Shortly after the fleets joined forces, they set off for the Roads. As the great ships steamed away from Lynn Haven bay, they were in three columns with the German ships in the center, flanked by four United States ships on each side. One of the most interesting features on the day's program was an exchanging of visits between Rear Admiral Von Rebuer Parchwitz, Prince Henry and other German officers and President Taft. The first exchanges took place upon the deck of the Mayflower and the second and final visit on the quarterdeck of the Moltke

There was considerable burning of gunpowder throughout the day. Before the exchange of visits of the division commanders, each squadron fired a salute. Then the guns were charged again for the twenty-one gun salute upon the arrival of President Taft.

The ceremonies which began today will extend through Thursday Although President Taft was the master of ceremonies on the American side today, Rear Admiral Ward, American division commander, will take charge of the entertainment of the visiting Germans on the departure of President Taft.

NO DELINQUENT TAX COLLECTOR FOR COUNTY

The County Will Be Saved a Very Neat Sum.

As predicted in the Star months ago, Marion county will employ no special delinquent personal tax collector this year and, as a result of the commissioners' action in refusing to fix a delinquent tax collection fee, the taxpayers will be saved from $1,000 to $1,500 a year This estimate is made by County Treasurer R S Dombaugh, who, with his office force, Monday began the work of collecting the delinquent tax

Emerson W. Schoenlaub has been employed in the place of William Gavin, who resigned his position in the treasurer's office to accept the clerkship of the board of review

Treasurer Dombaugh plans to inaugurate a new form for the personal tax collection Once a year he will send notices to personal taxpayers. These notices will give the amounts due and when payable Unlike real property the personal tax does not become delinquent until after a year has elapsed.

"Fifty per cent. of the people who owe personal tax would pay it if they knew they owed it," said the treasurer, Monday, "and they think they don't owe any because they never received notices We propose to notify them."

The personal property duplicate on which the collection will be made totals $18,297,960.

TAFTITES MAKE A CLEAN SWEEP

Elect Six Delegates-at-Large to Chicago.

HAVE A MARGIN OF TWENTY-FOUR VOTES

Administration of President Is Endorsed.

Following Election of Burton, of Cleveland; Dougherty, of Columbus, Harding, of Marion; Cable, of Lima; Taft, of Cincinnati, and Vorys, of Lancaster, Convention Takes Recess Till July 2.

Columbus O., June 4.—Amid the most tempestuous scenes ever attending a Republican convention in Ohio, the Taft forces triumphed here today in the selection of the six delegates-at-large to the Chicago convention. By a vote of 388½ to 364½, the following "big six" delegation, pledged to "vote for William Howard Taft at all times and under all circumstances," were elected:

Senator Theodore E Burton, of Cleveland; H. M. Dougherty, of Columbus, Warren G. Harding, of Marion, David J. Cable, of Lima; Charles P Taft, of Cincinnati, and A I Vorys, of Lancaster.

The Roosevelt men, who placed a delegation in nomination headed by Walter F Brown and former Secretary of Interior James R. Garfield, made the charge upon the floor of the convention that the Taft men "had used steam-roller methods and defeated the will of the people who declared themselves in the recent primary by a majority of 30,000 in favor of the nomination of Roosevelt."

The Taft men, on the other hand, declared that the primary "was not truly representative of the Republican constituency in that only a small portion of the voters took part.

The convention recessed at 11:45 a m until 9 o'clock, July 2, when the state ticket and platform of principles will be drawn.

Session Is Resumed.

Columbus, O., June 4.—When the Republican state convention resumed its session, today, the Taft forces were confident of victory and were prepared to use iron-hand methods in controlling the selection of the six delegates-at-large to Chicago. Their confidence came as a result of success in controlling its various committee meetings, and it is asserted that the strength they had shown in the committees would be reflected on the floor of the convention. There was one source of worry to them, and that was the reelection, as chairman of the state central committee, of Walter F Brown, the Roosevelt manager in Ohio. While Brown himself termed his reelection "a personal victory," the Rooseveltians were enthusiastic in their belief that it had a meaning of deeper significance and that the three Taft leaders, who had voted for Brown, making possible his reelection, would swing strength to the Roosevelt faction and enable it to turn tables on the president's supporters.

It doubted at the opening that the selection of the "big six" would be reached before the afternoon session.

Feeling Is Strong.

Feeling between the Taft and Roosevelt men was running high, and much oratory was scheduled for the forenoon session.

A majority report endorsing the Taft administration, presented by the resolutions committee, stirred the Roosevelt men, and they went into the convention, this morning, with a minority report providing for the postponement of the presentation of any platform until after the Chicago convention.

Another big factional fight came with the seating of contested delegations. No state ticket will be named until after the Chicago convention unless the rural delegates succeed in overruling the already adopted program of the leaders.

Morning Session Opens.

The morning session began at 9 30 with Temporary Chairman Theodore E Burton, wielding the gavel

The first real test of strength in the convention came with the report of the committee on credentials, when submitted a report seating the contested Taft delegates This was adopted without roll call.

That the Taft men had strong grounds for their claim of the control of the convention was brought out when the temporary organization was made permanent and Senator Burton, President Taft's supporter became permanent chairman, and Malcolm Jennings, permanent secretary.

The mention of Taft's name in the resolution endorsing his administration was cheered, but when a minority report carrying an endorsement of Roosevelt was offered, the convention went into a prolonged demonstration which lasted for several minutes

After the submission of these reports on behalf of Taft and Roosevelt the convention listened to short addresses by the supporters of each before taking a vote by roll call.

Harding Speaks for Taft.

Former Lieutenent Governor Warren G Harding made the principal speech in behalf of the Taft interests. Harding, who has been most prominently mentioned as the man especially favored by President Taft to present his name to the Chicago convention, made probably the most oratorical effort of the morning session, and threw the president's supporters into a frenzy of enthusiasm when he declared Taft to be the logical candidate for the Republican nomination at Chicago Harding's most striking epigram came when he said:

"No matter what this convention does today, history will record an endorsement of President Taft."

Mr. Harding concluded by calling for a "square deal for Taft." A prolonged demonstration followed.

The minority report of the resolutions committee providing for the endorsement of Theodore Roosevelt was lost by a vote of 359½ to 393½.

This strength will probably hold throughout the convention and showed conclusively that the Taft men were in complete control.

The majority report endorsing the Taft administration adopted without roll call was as follows:

"Resolved, That we heartily endorse the administration of President William H. Taft."

Taft won six delegates-at-large by a vote of 388½ to 364½.

The Monday Session.

Columbus, O., June 4. — Although the Taft men won out in the district caucuses by securing control of all committees connected with the Republican state convention, and also the new central committee, they failed to prevent the re-election of Walter F. Brown of Toledo as chairman of the state central committee when that body was organized. Three Taft men voted for Mr. Brown, as follows: Maurice Maschke and A. N. Rodway of Cuyahoga and S. M. Granger of Muskingum county.

Sherman Eagle of Gallia county and I. M. Foster of Athens, Roosevelt men, were re-elected vice chairman and secretary, respectively, without opposition.

The margin of control in the big committee is just one. Taft supporters have 11 and Roosevelt supporters 10 on the central committee and on the credentials committee. The resolutions committee stands 12 to 9 in favor of Taft.

When the convention reconvened this morning, the completion of Ohio's "Big Six" to the national convention at Chicago was still in doubt, with chances favoring the president. Taft adherents claim 410 to 415 delegates, while State Chairman Brown of the Roosevelt forces persists in his claim of 418 and asserts that quiet changes are being made. Roosevelt delegates will attempt a final assault on the Taft position, which seemed to be strengthened by Taft victories in the district caucuses.

Both Names Cheered.

When the convention opened Chairman Walter F. Brown of the state committee and manager of the Roosevelt candidacy made a complimentary reference to Colonel Roosevelt. The Roosevelt men greeted the mention of the colonel's name with prolonged applause. On the mention of President Taft's name there was another outburst. Senator Burton delivered the keynote speech and, among other things, urged federal incorporation act and workingmen's compensation laws.

The Taft men were cheered by the action of a majority of the resolutions committee in indorsing the president's administration. Roosevelt members of the committee are to turn in a minority report. The president dominated the credentials committee, which seated 11 Taft delegates in the only two contested counties, Lawrence and Crawford. Roosevelt men failed to bring a contest in Union county, in which a rump convention was held.

It was said that many Taft delegates would regard Mr. Brown's election as a signal that the Cuyahoga leaders were ready to quit the president, even though Mr. Brown modestly counted it only a personal victory and Maurice Maschke, organization leader in Cuyahoga county, declared that he was still loyal to Taft.

Roosevelt forces put one over on the Taft men in the committee on rules and order of business. The regular rules were adopted with the exception of an amendment, secured by Samuel Cohen of the Ninth district. This amendment permits any delegate to challenge the vote of any county in the convention. Heretofore only a member of a delegation might challenge a county's vote.

The practical effect of the rule is that the vote of every Taft delegate will have to be polled and individual members will be given an opportunity to express their preferences. The rule is somewhat disconcerting to Taft men who depended on county bosses to hold wavering delegations in line.

Taft Men Win Easily.

Taft men won easily in the credentials committee when seats were given in the Republican state convention to the Babst-Beer-Taft faction in Crawford county and to the Johnson-Taft faction in Lawrence county. The Roosevelt men's claims for right to sit were rejected by a vote of 19 to 2 in the case of Lawrence county and by 12 to 9 in the case of Crawford county. The results net the Taft managers 11 votes in the convention. If the whole body confirms the action of the credentials committee. Similar action was taken by the old central committee.

Both contests will be carried to the floor of he convention and a hot fight will be made. The rollcalls offer the first test of power between the rival factions. The Taft men controlled the credentials committee, 11 to 10, and elected Ernest von Bargen chairman. The sessions were held behind closed doors.

Probably one of the hottest committee fights waged between the Taft and Roosevelt people was that fought at the Chittenden hotel at the meeting of the committee on resolutions over the proposed adoption of a plank indorsing the administration of President Taft. J. Warren Keifer of Springfield was elected chairman of the committee.

Roosevelt members demanded that no action whatever be taken, but the Taft men demanded an indorsement of the administration and got it by a vote of 12 to 9 The Roosevelt members adjourned to the Neil House to prepare a minority report indorsing Colonel Roosevelt, which will be presented on the floor of the convention today for adoption.

Resolution Is Brief.

The resolution indorsing the Taft administration, as adopted by the majority, follows:

"Resolved, That we heartily indorse the administration of President William H. Taft."

This was the only resolution adopted.

The Roosevelt members sought to block action by offering the following resolution:

"Resolved, That we defer the presentation of any resolutions or platform and ask further time for the presentation of our report until after the national convention shall have adjourned, and that a subcommittee of five, with our chairman acting ex-officio, be authorized to prepare and submit a set of resolutions to this committee at its next session for is consideraion."

The resolution was amended by the Taft members so as to make way for the resolution indorsing the president. After adoption of the amendment the resolution making the indorsement was adonted. The vote was 12 to 9.

William Alexander of the Second Cincinnati district at first played with the Roosevelt men in opposing the resolution indorsing the Taft administration, but voted for it on rollcall. He declared that he was a staunch Taft supporter and would fight for him to the last on the floor of the convention, but thought it bad policy for the committee to adopt resolutions indorsing any candidate. He said he would precipitate a fight on the floor of the convention which would bring forth more scathing personalities than either of the candidates indulged in during the campaign.

"There is no use to wave a red flag in the face of a steer," said Mr Alexander. He said if Taft should be defeated at the Chicago convention the adoption of resolutions by the state convention would put the Republicans of Ohio in a peculiar muddle. "They would have to repudiate their action," he said.

D. M. Massie of Chillicothe led the opposition to the Taft resolution He said it would be bad policy in the face of the adjourned convention for the nomination of state officials to indorse anyone.

C. S. Dana of the Fifteenth district, secretary, denounced the proposed action not to indorse the administration as a show of weakness on the part of the Republicans of the state. He said he had attended conventions for the last 25 years and never had heard of such a proposition as the Roosevelt people had presented.

After choosing six delegates-at-large today the convention will adjourn. A state ticket will be nominated after the Chicago convention.

WOMAN IS GIVEN A WORKHOUSE SENTENCE

Mrs. James F. Camm Must Serve Sixty Days.

Following a conference with her twenty-year-old husband, after Frank Showers, the prosecuting witness, had withdrawn an affidavit charging her with stealing his horse and buggy and substituting another charging her with taking and driving away the animal without the owner's consent, Mrs. James F. Camm, aged twenty-three, pleaded guilty in the court of Justice Charles W. Haberman, Friday afternoon shortly after 3 o'clock. She was fined $10 and sentenced to serve sixty days in the Dayton workhouse.

Mrs. Camm, who was known as Marie Phillips and who was married to Camm a little over three weeks ago, told a pathetic story. She said her parents died during her infancy and that she had lived with her grandmother at St. Mary's most of her life. Her clothing was tattered and torn, and she looked the sorrowful life that she depicted. "I got lost and I was tired, and I got in the buggy, but I didn't intend to steal it," the woman said.

According to the authorities, Mrs. Camm and her husband quarreled. Penniless and without friends, they think she was determined to get away from Marion and got into the rig to drive to Bucyrus.

BIG TREE SEEDLINGS ARE BEING RAISED

Forest Service of Government Is Doing Great Work.

The forest service is raising several acres of big tree seedlings on the Tahoe national forest in California, at a more northerly point than any natural big tree grove. While the giant sequoias are found in the forests of the Sierras at various points throughout a total range of some 250 miles, in the northern two-thirds of this range there is practically no natural reproduction It has consequently been a question whether the species would not practically disappear from this region when the present mature trees die

The most northern existing grove of big trees is on the Tahoe forest, but about thirty-four miles southeast of the site selected for planting. This site is on a moist flat not far from Nevada City, and is about 2,700 feet above sea level The first seeding was done in the fall of 1910, with very successful results, and last fall an additional area was seeded.

The method used in planting the seed was that known to foresters as "the seed spot method" Spots about six feet apart each way were prepared by pulverizing the earth with a garden hoe. Seeds were then dropped on these spots and lightly pressed in the soil with the foot. The flourishing condition of the young seedlings gives good reason to expect a future growth of big trees at this point With protection of forests from fire, there seems to be no reason why the big tree should disappear, even though scientists regard them as survivals from a past age, botanically speaking.

FAILURE OF THE SCHEME TO CONTROL CONVENTION

It was expected that the defeated faction in the Republican state convention would cry out about bosses and gag rule, and the defiance of primary vote, and all that. This balderdash is part of the political play in this strangest of all strange years of Republican national politics. Chairman Walter F. Brown, than whom there is no wiser and no more resourceful political manager in Ohio politics, must have laughed in his sleeve, while he looked the part of a "peepul's" martyr and gave out a statement of boss-ridden counties and gag rule. We can hardly get a clear retrospect in memory when Mr. Brown was not in absolute control of Lucas county's votes in the state convention, just as he was in this convention. But let that pass. We are writing to tell how nearly Mr. Brown came to putting over a clever theft of the convention in behalf of the "peepul."

When the convention recessed on Monday, Mr. Brown offered the motion, fixed the time of reconvening at 9:30 Tuesday, earlier than ever before, and no one suspected any design. But stick a pin to fix this point.

President Taft's friends controlled the committees, and on rules and order it could have fixed such a program as seemed wise and fair. There was no contest in the committee. Sol Cohen, Mr. Brown's famous lieutenant, slipped in the innocent-looking provision that any county's delegation could be polled, on the demand of any delegate in the convention. Stick another pin there, and then figure a bit.

The ordinary provision, ample to protect all delegates, for years has been that the poll of any county may be called for by any member of that county's delegation. Why the change? Well, the convention was to meet earlier than ever before, and many a delegate would not be in his seat. The test was to come early. More, in the larger delegations, many a delegate was absent, assuming his county's strength would be voted full, where there was no division. Hamilton county was short ten or a dozen of its number when the convention convened. Under all long-established practices and recognized rules, Hamilton's full vote would be cast and counted. Any member from that county could object and demand a poll, but nobody else. The plan was to catch these delegations with absentees, challenge their votes, show up the absentees and deprive the Taft forces of the full strength of their credentials. And it would have succeeded, but for the discovery of the scheme before the convention assembled, the rule was changed by the committee and the rule of precedent adopted. And the convention later had an example of how it might have worked. The delegation from Paulding was short, but its full vote was cast. A Taft member of the delegation demanded a poll, as was his right, and exposed an intruder from Columbus voting in the Paulding delegation. He was ejected from the floor and the Roosevelt forces lost a spurious vote.

This recital is made to throw the needed amount of light upon the talk of "boss rule" and "gag rule" in the Republican convention. In the resourcefulness of Mr. Brown, the Taft forces nearly lost their majority, and in his disappointment over not getting away with the clever scheme, Mr. Brown indulges in a comment and excuse that is not becoming to the head of the Republican organization of Ohio.

It will readily occur to any one reading the convention proceedings that any Roosevelt adherent in Hamilton, Montgomery or any other county, could demand that county's poll. The story of gag rule is worse than childish. It is utterly untrue.

The Columbus Dispatch says that the Taft forces in the state convention were the boss-ridden delegates from the big cities. Well, let's pass the divided vote in Cleveland and Columbus, where Roosevelt had the larger vote in one, and Taft the larger vote in the other. We may let Lucas and Montgomery offset one another in their opposition. Of the other counties the Taft forces gathered their strength from more than forty counties in Ohio. The Dispatch is so utterly unfair that it can not scan the vote of the counties of Ohio and catch the expressed Republican sentiment It is a great newspaper with a very deficient bump of political fairness.

The fellows with axes to grind may be depended upon to be out in greater numbers at primaries, under ordinary conditions, than those who are satisfied with existing conditions. And that explains many of the Roosevelt successes. The Roosevelt people were the aggressors. It's worthy of notice, that, here in Marion county, where a representative vote was gotten out, the Roosevelt people were hopelessly to the bad.

A MIGHTY TASK FOR REPUBLICANS TO SOLVE

The Republican convention at Columbus was the most noisy, ill-tempered, unreasoning, inharmonious and stormy ever held by the Republicans of Ohio. Whether it was a reflex of the rough rider in politics, this paper does not assume to say. The delegates would not listen to the able, thoughtful and scholarly address of Senator Burton. The Roosevelt delegates would listen to nothing that was not favorable to their candidate, and many of the friends of the president were angered to an equally intolerable and disagreeable temper. Perhaps the bitterness of factions and the ugliness between opponents will subside in the course of a few weeks, but it will be a fine testimonial to good temper if the storm of this week is wholly cleared away when the convention again meets in July.

We trust the clouds will vanish. We hope that Republicans will come to realize that a cause is greater than a candidacy, and principles more abiding than personalities, and that a majority rule becomes the law where that majority has expressed itself after the manner provided for its expression. After all, the whole contention must go to the people, amid the understanding that comes of an educating campaign.

There never was a wiser step taken than recessing until after the national convention, when the Republicans can meet again with contention removed and choose a state ticket that may have every prospect of victory in November. If there is a final harmony in Chicago, there will be joyous harmony in Ohio. If the party is split at Chicago, through one man's excessive ambition, then the crisis will reach Ohio, and there will be an added difficulty to meet. Perhaps there can be no solution, with an assurance of party unity. It is little use to speculate, to paint a gloomy picture or attempt a roseate view. The Republican party facing gloomy situations before, in deliberation and determination, opened a way to light and sunshine, and then marched on to victory. It is not impossible this year. But if the temper and behavior of the Ohio Republican convention is a sample of the Republican feeling throughout the country, then the task of harmonizing and marshalling the forces for a victorious battle is for men of giant mold and a consecrated love of both country and party.

The Republican state convention will reconvene July 2, but the big fight comes two days later in Las Vegas.

MARION IS PLEASED OVER SCOFIELD'S VICTORY

It is almost superfluous to write that Marion is greatly pleased over the distinguished honor that the Democracy of Ohio has bestowed upon Judge William E. Scofield, of this city, in naming him for supreme judge. And the Star may say, with no disloyalty to Justice Davis, whom this paper sincerely hopes to see succeed himself, through a nomination by the Republican convention, that Marion would be mightily pleased to see Judge Scofield elected next November. Marion will prove this statement at the ballot-box. It so happens that while Judge Scofield and Justice Davis are seeking the same bench, the highest in Ohio, they are not running in party opposition, and both may be elected. There are three justices of the supreme court to be elected this year, and the names appear on a non-partisan ballot, where party affiliation is not manifest except in the knowledge of the elector. It would seem that victory is much dependent upon personal popularity and good fortune rather than upon any party strength, for the latter will not count at all.

On fitness for the eminent place, Judge Scofield is not second to any candidate. His leadership of the Marion county bar was so generally recognized that even no jealousy questioned when he began his career on the common pleas bench. His record on the bench has given added proof to his fairness, his justness and his knowledge of the law, and in less than three years of service Judge Scofield has become one of the best known judges of the common pleas bench in Ohio.

This enviable reputation, supplemented by his personal popularity, will make Judge Scofield a more than likely nominee. Few men in Ohio have a greater personal popularity. Marion born and Marion reared, living for a time as a cowboy in the West, to give vigor to his health, lawyer, generous citizen, man of affairs and finally trusted judge, Mr. Scofield has enthusiastic friends and admirers from one end of the state to the other. There was proof of this in the splendid vote accorded him at Toledo, for his campaign was brief and unorganized. On the whole, it looks to Marion like Judge Scofield would prove a very strong nominee, and this paper is sure Marion would rejoice over his success in November as much as today over his pleasing victory at Toledo.

Two aviators landed in Chicago last week without a permit. They buried one and arrested the other.

CONSPICUOUS MARIONITES AT TOLEDO CONVENTION

Marion played a conspicuous and pleasing part in the Democratic state convention at Toledo, which is good to record. All these things help to give Marion the place on the Ohio map that belongs to the best city of twenty thousand in all the realm of Buckeyedom.

George B. Christian, Jr., handsome, well voiced and of fine presence, was an ideal secretary of the convention. Judge Scofield, named for supreme judge, was a central figure amid the admiring Democratic hosts. Fred Guthery and Judge Norris, presenting candidates for nomination, were striking and effective figures, though they had difficult tasks before a wearied and worn convention. And Harry R. Young was there as an assistant secretary, and the Marion boosters, too, a loyal crowd that enjoys bearing the Marion banner aloft and keeping it there. The Star notes all this Democratic prominence on the part of the party's Marion representatives with pride and pleasure. If we only had a suitable place for holding conventions, we would bring some of these state meetings to Marion, and extend the acquaintance of Marion as well as that of her active citizens.

PRACTICE LIMITED

To the Treatment of Chronic Diseases by Home Methods.

L. F. VOKE, PH. G., M. D.

Graduate, Ohio State University, Starling Medical College, American College of Optometry. Eight years of College and University training. Nearly twenty years experience in the treatment of CHRONIC DISEASES of MEN AND WOMEN.

Symptoms Most Common

to chronic sufferers are weakness, nervousness, despondency, sleeplessness, discouragement, lack of ambition, failing memory, confusion of ideas, poor circulation, headache, dizziness, brain and nerve exhaustion, palpitation and fluttering of the heart, weak and trembling limbs, worry, fear, pains in head, back, abdomen or joints, cough, variable appetite, chills and flashes of heat, shortness of breath, swelling of hands and feet, dry or clammy skin, coated tongue, bad taste in mouth, gas in stomach and bowels, weak back, soft and flabby flesh, faintness, impaired vision, pimples, bloating and many other symptoms incident to diseases peculiar to men and women. The vast majority of men and women are deficient in some respect. Many are not exactly sick, but some chronic affection is sapping their vital force. They attend to daily duties but life has become a drag and lost much of its pleasure.

Every Afflicted Man and Woman

should heed these symptoms. They are nature's warning that something is wrong—a cry for help. Temporary relief is not sufficient. The cause must be discovered and removed.

Remember, that nearly every chronic disease, if taken in time, can be cured by proper home treatment. Neglect only leads to more serious results. Do not put off a matter of such vital importance. Success or failure in life depends on your physical and mental condition. No matter what the disease, its name or nature, if it is chronic and susceptible to home treatment you are invited to call or write regarding it. Everything confidential. Consultation, examination and advice free.

DISEASES OF WOMEN

Ninety per cent of women suffer from some form of female weakness. Many, in secret, are living miserable, unhappy lives. Do not let modesty destroy your health. Simple home treatment, of the proper kind, if used in time will prevent serious complications that may lead to the necessity of dangerous operations and expensive hospital treatment. Dr. Voke's "Treatment at home plan" is not a "cure-all" remedy. Each case is treated separately with remedies adapted to each individual. No humiliating examinations. No operations. Remedies are harmless and can be used in privacy. More than one-half of Dr. Voke's patients are women. Write if you cannot call. Consultation free and confidential.

DISEASES OF MEN

More rot is printed and more fraud is practiced on this class of diseases than all others. Those unfortunates surely are entitled to a square deal. Dr. Voke wants every man who is weak, nervous, broken down, discouraged or suffering from any disease caused by ignorance, excesses, contagion, incompetent treatment or neglect to read his book on sex hygiene entitled **"A Physician's Advice to His Son."** Contains information that every parent and young man should know, also directions for home treatment that will cure many afflicted men without doctors, drugs or expense. This book does not advertise any doctor, medical firm, or patent medicine. Mailed in plain sealed package on receipt of 10 cents, stamps or coin.

EYES TESTED FREE

Many chronic troubles are attended by defective vision or eye strain. Glasses fitted and furnished.

Why Consult Dr. Voke?

He has made regular monthly visits to this community for fifteen years and has established a permanent practice and reputation. His practice is limited to chronic diseases and he has spent practically all his life in the study and treatment of them. He is in the prime of life (forty-five) and at his very best to do good work. His practice consists mainly of long standing cases who have failed to obtain satisfaction elsewhere. At least three-fourths of his patients are sent to him by former patrons. If he thinks he cannot help you he will say so. His treatment is easy to use and requires no detention from occupation, family or home. He does not depend on "cure-all" remedies. Each case is treated separately with remedies adapted to each individual. Injurious stomach dragging is avoided. His internal remedies are mild and harmless. Special directions are given each case regarding diet, bathing, habits, etc. When necessary, special directions for massage are given and other local treatments are devised and furnished to meet the needs of each case.

REMEMBER

That Dr. Voke invites searching investigation of his work and methods, that his best references are his many friends and patients, the result of fifteen years practice in this community. That his charges are no fair and reasonable that the poorest working man or woman need not hesitate to apply for treatment. Most important of all, do not put off treatment until complication or complete collapse comes. Oftentimes a few days of sick-a-bed illness costs more than a complete course of treatment.

After a song, "When He Cometh," by the primary department, an exercise was given by nine little tots from the beginners' department, Howard Witmer, Ruth Stull, Henry Rinnert, Sherman Halderman, Paul Bloxom, Helen Beerbower, Alice Evelyn Smith, Dorothy Luke and Dorothy Hanawalt. Dorothy Myers recited "Thank You Heavenly Father," and Tommy Kitchen gave a recitation, "A Soldier Boy." After an enjoyable number, "Make It Best," by Ruth and Tony Hinds, Helen Sifritt gave "My Piece," and Virgil Wetzel, George Miley and Morris Witmer gave an exercise, "Jesus' Little Ones." Blanche Norris had a recitation, "Children's Day," and Anna Fox spoke, "If You Please." Alice Evelyn Smith gave a recitation on "Children's Day," which was followed by recitations, "June," by Ruby Fetter, and "I Will Obey," by Russell Klinefelter. The primary department then sang, "Jesus Loves Me," and Pearl Rinnert gave a recitation.

An exercise was given by Mabel Luke and Mildred Bensley and was followed by a recitation, "If Dolls Were Real," by Dorothy Snyder. Walter Emery, Wilbert Hanawalt, Charles Keeler, Carol Lutz and Hayden Shrock gave an exercise, "The Boys' Club," and Mrs. Heininger's class sang. Mary Tonguet recited "Little Things," and Vera Burklew, "Jesus Loves You." After a recitation, "Hold Your Tongue," by Audrey Parratt, Eunice Lee recited "No Room for Jesus," and Arthur Zachman and Donald Wonder gave an exercise, "Mary's Little Lamb." Robert Moffatt Heininger recited "Chinese Finger Play" and Wilbert Weatherwax gave a recitation, "Harold's Missionary Money."

The offering was then taken and Bessie Zimmer gave the closing recitation. The services were closed with baptismal rites and the reception of new members. Nine children were baptized and seven new members were taken into the church.

Bible Students.

The International Bible Students' class met in the Red Men's hall, Sunday afternoon, and held a very interesting meeting. The subject was "Our Lord's Return—Its Object, the Restitution of All Things."

In referring to the subject the speaker said that the Lord had intended his disciples to understand that for some purpose, in some manner and at some time He would come again. Some expect an actual coming and presence of the Lord, but set the time of the event a long way off, claiming that through the efforts of the church in its present condition the world must be converted, and thus the millennial age be introduced. The claim that when the world has been converted, and satan bound, and the knowledge of the Lord caused to fill the whole earth, and when the nations have war no more, then the work of the church in her present condition will be ended.

At Christian Church.

The annual children's day exercises at the Central Christian church, Sunday evening, were largely attended. The church was well filled.

The exercises were given under the direction of Mr. Frank Hain, superintendent of the Sunday-school, who had the children exceptionally well trained for their parts.

The classes participating were: The junior girls, taught by Mrs. A. A. Hostler; the boys' class, taught by Mrs. Amy Dripps; the beginners' class, taught by Mrs. George Pickering, and the primary class, taught by Mrs. James Thompson.

The exercises consisted of music, recitations and drills.

Those taking special parts were Mrs. George Pickering, Miss May Gilmore and little Margaret Pearce, Jennie Young, Josephine Pickering and Rhea Thompson.

At the Sunday morning service, Rev. Charles A. Pearce, the pastor, preached a forceful sermon on the topic for children's day. He spoke on the theme, The Value of a Child."

ERIE SUFFERS WRECK FRIDAY EVENING

Seventeen Cars Loaded With Ties Are Ditched.

TWO COLORED MEN ARE SOMEWHAT INJURED

A White Man Riding on Top of Car Loaded With Ties Escapes Injury—Traffic Is Delayed Until Wrecking Crew Puts the Tracks in Condition—Railway Items.

One of the worst wrecks on the Erie for some time occurred at a point about two and a half miles east of Green Camp, about 10:30 o'clock, Friday evening. Seventeen cars, nearly all of which were loaded with railroad ties, were derailed as a result of a broken breakbeam. Three men making their way from Springfield, Illinois, to this city, from which place they were to go to Gary, Indiana, were injured, one of them, Lee Harris, of Virginia, being seriously hurt. The men were on one of the cars loaded with ties. One, a white man, was riding on the top of the car and jumped in time to avoid injury. George Murray, of Kansas City, colored, escaped through a hole made by the trucks when the crash came. Harris, who is also colored, was the least fortunate of the trio. He was buried among the ties, and it required workmen two hours to extricate him. The colored men were transferred to this city in the Hess & Markert ambulance, and were taken to the Marion City hospital, where they were given attention by Dr. Herman S. Rhu, the company surgeon. Murray was able to leave the hospital during the evening, but Harris will be confined there for some time. He suffers of a number of severe bruises over the body.

The wrecking crew from this city was summoned shortly after the accident and the men were kept busy on the scene until next morning. Traffic was considerably delayed, the tracks being torn up for a very considerable distance. With the train crew, Philip Dreyer, Alpha Goerlick, Arthur Jerew and H. W. Beaver assisted in rescuing Harris. The white man, who was slightly injured, was able to walk to this city. His name could not be learned.

The cars left the track at a point about twelve car lengths behind the engine. Fortunately none of the train crew was injured. The train was an east-bound freight and was heavily loaded.

THE TEST OF MERIT

Marion People Are Given Convincing Proof.

No better test of any article can be made than the test of time and this is particularly true of a kidney medicine. Doan's Kidney Pills have stood this test and stood it well. What better proof of the merits of this remedy could you demand, than the statement of a Marion resident who has been cured and has stayed cured?

Read the following:

Mrs. Elenora Lutz, 241 W. Center St., Marion Ohio, says: "I confirm the endorsement I gave Doan's Kidney Pills some years ago and authorize its continued publication."

On April 8, 1909, Mrs. Lutz said: "For the past fifteen years I was a sufferer from kidney complaint and other troubles. For the first few years, the kidney trouble came on by spells. Over exertion, exposure or the contraction of a cold, affecting me. I suffered year after year and in April 1908, I was taken with such a severe attack that I felt as if I would have to give up. The pain through my right kidney was almost unendurable. I had frequent headaches and dizzy spells My feet and hands were badly swollen and I bloated after eating. My appetite was poor and I felt languid and devoid of ambition. I was taking treatment of various kinds, but did not improve and in three months, I lost thirty pounds. My flesh was soft and flabby and I had a sallow complexion. I finally decided that my trouble was caused by my kidneys and I had read so much about Doan's Kidney Pills, that I had them procured for me from Schmidt & Co.'s Drug store. I cannot say that I really noticed much benefit from the first box but I continued taking them and I gained rapidly. The backache left me, my appetite came back and the dizzy spells and headaches disappeared. I was able to go to bed and sleep well nights and I took on flesh. I have sometimes felt slight symptoms of recurrence, but as soon as I use Doan's Kidney Pills, they quickly stop the trouble."

brotherhood drawn, and not until then. The cure for social evils lies in the old-fashioned gospel of regenerated human hearts.

The New Life.

The most notable phenomenon on the day's religious horizon is the great change which has come to pass within the memory of all who read these lines in the attitude of the church toward social questions. A few years ago it would be counted as lying within the field of the social economist, and as being only more indirectly the concern of the church than it is the care and duty of the sovereignty of selfishness secures salvation. Christ's atoning sacrifice and the self sacrifices of all who would be saved from their sins mean a new day of justice, peace and brotherhood for which the whole creation groans.

Almost of a sudden we have come to perceive that, in the most practical sense and in the realm of the relationships between man and man, Jesus is the leader of this present world. So we turn from the blind leaders of the blind, from the wrangling, self-seeking politicians, to the faithless Christ, crying, in the words of old men:

"But Thee, O Sovereign Seer of Time

But thee, O poet's Poet, Wisdom's Poet,

But Thee, O man's best Man, O love's best Love,

O perfect life in perfect labor writ,

O all men's comrade, Servant, King, or Priest,—

What if or yet, what mode, what flaw, what lapse,

What beast-shadow of defect,

What unmet, tattled by an enemy,

Of inference loose, what lack of grace,

Keen in torture's grasp, or sleep's or death's,

Oh, what amiss may I foreive in Thee,

Jesus, good Paragon, Thou Crystal Christ?"

"Without Wax."

The original meaning of "sincere" is "without wax," hacking back to the practice of sculptors to fill in the imperfect work with wax that repaired defects for the moment, but was unreliable. According to many Jesus had down in His platform the principle that all who bore His name and did His will should meet this severest of tests without wax—the insisting upon mystic piety in the personal life." The new order of society, which is Christianity's big task, is to be effected only by men and women whose own characters have been made over by the gospel in them.

Although only seven years old, Elizabeth Titcomb is expert at the telephone exchange in Colusa, California, and often relieves her father on the board, which consists of 250 subscribers.

CHRISTIANITY'S TASK.

By William T. Ellis.

The International Sunday-School Lesson for June 9 is, "Hearing and Doing." Luke 6:39-49.

A favorite diversion of that large class of persons who love to count themselves "liberal" is to point out the resemblances between the various great religions of earth. The quest is interesting and not without its points of merit; for it has tended to tolerance and it has given some of us seekers an elemental knowledge of what religion is.

The study is not best, however, unless it develops the radical difference between Christianity and other faiths. The teachings of Jesus have their points of resemblance in the so-called ethnic faiths, but essentially the

"And why beholdest thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye? Or how canst thou say to thy brother, brother let me cast out the mote that is in thine eye, when thou thyself beholdest not the beam that is in thine own eye? Thou hypocrite, cast out first the beam out of thine own eye, and then shalt thou see clearly to cast out the mote that is in thy brother's eye. For there is no good tree that bringeth forth corrupt fruit; nor again, a corrupt tree that bringeth forth good fruit. For each tree is known by his own fruit. For of thorns men do not gather figs, nor of a bramble bush gather they grapes. The good man out of the good treasure of his heart bringeth forth that which is good; and the evil man out of the evil treasure bringeth forth that which is evil; for out of the abundance of the heart his mouth speaketh.

"And why call ye me, Lord, Lord, and do not the things which I say?"

The Building That Lasts.

This rigorous insistence upon genuineness is unique with Jesus. He made clear that it was not men's opinion that counted, but the omniscient knowledge of the Father who seeth in secret. He would have all the character and conduct of His friends brought to the test of His own perfect life. The daring and audacity of the Christian standard has been hooted as "impractical" through all the centuries, and yet it has gone on producing and increasing the company of holy men and women.

Upon this foundation of fidelity, the doing of the word rather than the professing of allegiance, Christian character is to be built, as Jesus set forth in His parable of the house that was founded upon bed rock which no storm could shake.

The highest achievement of the religion of Jesus is the holy life of His disciples. Over the gateways to the American Board mission at Ahmednasar in India, one may read the name of Robert Hume. Make and Mender of Men and Boys, in the Name of Christ Jesus." That is it. Christ is making over the world by making over individual men. This is a time for a word of caution, lest we who are devoted to social service lose our direction in the clamor of clattering generalities. The foremost living apostle of the gospel of socialized Christianity, Professor Walter Rauschenbusch, said to me recently, I think that we who have stood for the social gospel will have to meet the tendency to extremes by

BARNES & ROOF ALSO SECURE A CONTRACT

An Important Meeting of the Buildings-and-Grounds Committee of the Board of Education at the Home of Mrs. A. M. Hutchinson, of Fred Church Street.

The contract for the sanitary sewer, cellar drain and down-spouting at the Garfield building on Mark street was awarded to Gus Kohbarger, Wednesday night, at a meeting of the building-and-grounds committee of the board of education His bid was $103.42. Other bidders were: George Landon, $105.65; W. M. Cunningham, $120; Joseph Meeker, $146.78; O. L. Boger, $199.

The contract for constructing basement entrance to Oak street and Olney avenue buildings, according to the orders of the state building inspector, was awarded to Barnes & Roof on their bid of $288. The only other bidder was Leffer & Bland, who bid $292.

The building-and-grounds committee is composed of Mrs. A. M. Hutchinson, Mrs. Edward Otto and G. Briggs. The meeting was held at the home of Mrs. Hutchinson, of east Church street. Mr. Briggs was absent.

The Garfield building will be ready for occupancy by the time school opens this fall, but the McKinley building beyond the baseball park can not possibly be made ready, even though the council act favorably on the school board's request and establish sewer and drainage facilities at an expenditure of nearly $10,000.

Last year, the congested condition in the schools in the West End was relieved somewhat by renting a building on Davids street from the Marion Steam Shovel company. Today, P. S. Wilson, superintendent of school furniture, received notice that this building will not be available for school purposes this fall.

A serious problem of providing accommodations for the greatly increased West Marion school attendance confronts the board of education. In view of the fact that the McKinley building can not be used, it will be necessary to rent rooms, if available rooms can be had. The board probably will take some action in the matter at the next meeting.

OBITUARIES.

Knisley — Delilah Knisely was born November 19, 1834, in Highland county, and departed this life at her home in New Richland, May 24, 1912, aged seventy-seven years, six months, and five days. She was married to Noah Wisecup February 10, 1853 To this union were born seven children, four sons and three daughters. There are left to mourn her departure a husband, two sons, one sister, one brother, fourteen grandchildren and two great-grandchildren. Mrs. Wisecup was converted to God in early life, at the Mt. Zion Methodist church, and was a member there until she moved to New Richland Then she transferred her membership to the Dunkard church and remained a faithful member until her death It may truthfully be said of her that she was a prayerful woman She was often found reading her Bible, and said it was a great consolation to her. Upon the goodness of God she meditated much and as her life grew shorter her faith in Him grew stronger. The funeral was held at the Belle Center Methodist church, Tuesday afternoon, May 28, conducted by the pastor, Rev J S. Altman Among the many floral tributes was one from the men in chipping room Department No 34, of the Marion Steam Shovel works, given out of respect for a fellow-workman, Mr. W. M Wisecup, of Sugar street Marion, a son of the deceased.

Spicer—Ray, son of William and Elizabeth Spicer was born, July 20, 1883, in Marion county and departed this life, May 28, 1912, after a brief illness of five days. He was aged twenty-eight years, ten months and eight days. He was the third of this family called to the eternal home in the last six weeks Mr Spicer was married to Miss Myrtle Clark December 17, 1902, in Richwood To them, three sons were born.. Richard, Marrel and Robert Marrel, the second son preceded him about five weeks. Myrtle, the wife and mother died, April 18, just eleven days before the little son. Richard, aged seven and one-half years and, Robert, aged two and one-half years, are left to brave life's storms alone. Ray was a dutiful son, an affectionate brother, a most kind and loving husband and father. He never felt at a loss for friends, as he knew he had them everywhere. His disposition was such as to gain many for him. As a family we feel it hard to lose so many, but as our Father above has called them, we must think it well, for we know if we have lived as Jesus asks us we shall see them again sometime, somewhere. There are left to mourn their loss, besides the little sons, Mr. and Mrs. William Spicer his parents; one brother, Charles E.; four sisters, Mrs. I. E. Wynn, Mrs. J. A. Warrick of this city; Mrs J. E. Midlam, of Pennsylvania, and Mrs. B. E. Neulove, of Green Camp.

Marrel was a bright and beautiful child, always winning a smile from every one wherever he went. He was the second from the family to be called in the short space of twelve days The mother was called to her heavenly home April 10, 1912. We shall miss this little flower, but we know our heavenly Father doeth all things well

MOUSER MAY RUN FOR COMMON PLEAS JUDGE

Friends Urge Candidacy of the Ex-Congressman.

WILL NOT DECIDE FOR A FEW DAYS

Proposition Comes to Mouser from Both Bar and Non-Professionals, Immediately After Judge Scofield Is Named for Supreme Bench. Will Not Oppose Geer.

New political situations are developing every hour. No sooner had the nomination of Judge W. E. Scofield for the Ohio supreme court been made known than the Marion started a movement for him for the common pleas bench. There has been friends of Mr. Mouser, throughout the sub-division, urging him to be a candidate, but the matter has not much appealed to him until the state Democratic convention named Judge Scofield for the supreme bench. Wednesday night, there was such an expression favorable to Mouser becoming a candidate, notably among members of the bar, that the movement is significant.

When Mr. Mouser was asked by the Star, concerning a candidacy, he said he had friends who had suggested it, with evident cordiality and told him they would guarantee his election on the non-partisan ticket. "I shall consider the matter a few days. I should not think of running, if Mayor Geer, of Galion decides to oppose Judge Babst. the field is open, I may decide allow a nomination by petition. is too early to decide. The non-partisan ticket makes the situation more appealing than ordinarily obtains in this sub-division."

Mr. Mouser admitted that friends in both Wyandot and Crawford, well as Marion county, were urging him to be a candidate, and assuring him of success at the polls.

Conspicuously successful at the practice of law, and possessing large and popular acquaintance in three counties in the common pleas sub-division, Mr. Mouser's candidacy would at once become a formidable one the moment his petition is filed.

STATE TICKET IS COMPLETED

Convention at Toledo Comes to an End.

A MARION MAN IS HIGHLY HONORED

Named for Long Term on the Supreme Bench.

Robert Crosser, of Cuyahoga, Is Named for Congressman-at-Large. John McSweeney, Nelson McBride and E. B. Schneider Are Chosen as the Electors-at-Large—The Platform in Full.

Toledo, O., June 6—Mindful of every wish of Governor Harmon and confident that the popularity of Congressman James M. Cox of Dayton can be translated into votes in November, the Democratic state convention fulfilled predictions in adopting the unit rule, modified to the extent that it shall be effective only so long as Governor Harmon is in the race for president, nominated Mr. Cox for governor by acclamation and adopted a platform which contains radical planks.

After the hopeless fight of the Cuyahoga men and the Lentz-Garber-Durbin pioneer progressive element had been ended, it was a harmony convention. Harmon managers made good their claims to nearly 600 votes for the unit rule. The actual count was 597 for it to 357 against.

The result gives Governor Harmon a ringing indorsement at home and Ohio's 48 votes solid at Baltimore so long as he is in the race. Mayor Newton D. Baker of Cleveland will renew his fight in the national convention.

A giant ovation greeted Congressman Cox when he accepted the nomination and promised a fight from now on until November to keep Ohio in the Democratic column. Mr. Cox declared himself a radical and indorsed without qualification the work of the constitutional convention.

The balance of the state ticket was completed as follows:

Representative Kennedy of Allen nominated Daniel H. Sullivan of Lima for lieutenant governor. John Weld Peck named Hugh L. Nichols. Mr. Sullivan withdrew his name and Mr. Nichols was named by acclamation.

Judge Scott Stahle of Ottawa county amid restlessness and confusion which prevented his speech being heard named Charles H. Graves for secretary of state, and he was nominated by acclamation.

Brennan Victorious.

Champaign county presented the name of John P. Brennan for state treasurer. F. D. Guthrie of Marion presented the name of Harry L. Goodread of Wyandot county. James Devine of Cuyahoga, formerly of Ross, was also named. The first ballot resulted Goodbread, 319½; Devine, 198, Brennan, 425½.

The second ballot resulted: Brennan 620, Goodbread, 205; Devine, 102. Brennan was declared the nominee.

For auditor of state, the names of the following were placed in nomination Robert E. Mulane of Hamilton county; C. C. Meekison of Henry; Price Russell of Wayne; A. V. Donahey of Tuscarawas; Ben McKinney of Washington

For state school commissioner, Frank W. Miller of Montgomery was renominated by acclamation.

For dairy and food commissioner S. E. Strode of Crawford county was renominated on the first ballot over Nicholas Dichl of Hamilton county, by a vote of 760 to 187.

For board of public works, William Samsey of Henry county and Tobias Schott of Stark county were nominated on the first ballot.

For judge of the supreme court, long terms, Oscar W. Newman, Scioto county, and William E. Scofield, Marion county, were nominated on the first ballot. Two to be elected. For short term, one to be elected, J. Foster Wilkins, Tuscarawas county, was selected

For congressman-at-large Robert Crosser of Cuyahoga county was named

John McSweeny of Wayne county, Nelson McBride of Allen county and Ernest B Schneider of Muskingum county were nominated for electors-at-large

The Platform.

Toledo O., June 6.—The platform which was contained in the majority report of the resolutions committee as adopted by the convention, is as follows

Be it resolved by the Democracy of the state of Ohio in convention assembled, That Governor Judson Harmon having secured a majority vote in the Democratic preferential primary for the presidency and being entitled to choose the delegates-at-large under a resolution adopted previous to the primary by the Democratic state central committee, is hereby empowered and directed by this state convention to select and present for ratification by this convention, 12 delegates-at-large, with one-half vote each, who shall sit as delegates-at-large from Ohio at the Democratic national convention that convenes at Baltimore.

"The splendid record of constructive statesmanship made by the present Democratic national house of representatives has won the admiration of the nation and given proof that the party is in readiness for the larger power and responsibilities about to be conferred upon it.

"We favor the extension of the postal service by the federal government and endorse in substance the bill providing for a postal express now pending in congress, heretofore favorably reported by the interstate and foreign commerce commission of the house

"In complete control of the legislative and executive power for the first time in 20 years, the Democratic party in Ohio in two years has a record of progressive and constructive achievement almost unparalleled in the history of American commonwealths; a record in signal contrast with that of the Republican oligarchy so long in control, which, in its alliance with privilege, has used the public treasury for the enrichment of its petty bosses and its captains of industry. Such a record entitles the Democracy to a continuation in power at the hands of the people of Ohio.

Point to Record.

"The Democratic party, in practical reaffirmation of its allegiance to the doctrine that all political power is inherent in the people has restored to them their weapons of self-defense through the initiative and referendum for cities and by giving them the direct nomination and election of United States senators; it has made possible the rehabilitation of the judiciary by the creation of a non-partisan ballot for the election of judges. For the first time in the history of Ohio railroad and other public service corporations are paying taxes upon the same basis as the farmer and home. By the enactment of a public utilities law the rates, service and capitalization of these giant corporations, so long free from public control, are being regulated. The limitations of the hours of labor for women and the establishment of a workman's compensation commission are an earnest desire of the Democracy to rescue those workers made helpless by industrial conditions and combinations. The control of the institutions of the state, long a source of scandal, inefficiency and divided responsibility, has been committed to a central board of administration in accordance with the modern principles of economic and efficient business management.

"The nonpartisan prosecution of bipartisan grafters, the inauguration of a system of competitive bidding for the use of the state funds, instead of placing these funds as theretofore, in the banks of favorite political friends; the enactment of a law to prevent corrupt practices at elections; the establishment of a reformatory for women and the introduction of agricultural instruction in the schools are evidences not only of the desire of the Democracy to serve, but also of its ability and competence to administer the state government in the interest of the people.

"The record of the past is the promise of the future.

"The Democratic party stands, first, for a restoration of the government to the people through direct legislation and through the simplification of the machinery of government so that the people may adequately express themselves and, second, for legislation looking to the abolition of privilege and to the restoration of equal opportunity to all.

"To this end we favor:

Favor Short Ballot.

"First, a short ballot in the selection of administrative officers, as a means for insuring greater scrutiny in the selection of public officials, and for fixing and centralizing responsibility.

"Second, separate ballots for state and national officers.

"Third, home rule for cities and villages, including the question of public or private ownership and operation of all public utilities.

"Fourth, the immediate valuation of the property, tangible and intangible, of all public utilities of this state, to the end that rates for service to the public shall be based on actual values and not on fictitious capitalization.

"Fifth, home rule for taxation.

"Sixth, the adoption of the proposed amendment to the constitution providing for the initiative and referendum in state matters.

"Seventh, a further reduction in the hours of labor for women and further restriction on the part of employment of children in workshops and factories.

"Eighth, the ratification of the proposed amendment to the federal constitution providing for the direct election of United States senators.

"Ninth, legislation looking to the improvement of the roads and highways of the state.

"Tenth, continuation in the reform in the conduct of the state's penal institutions which has been inaugurated. Abondonment of the present prison system. A new penitentiary should be built and conducted upon plans in accordance with the modern thought on this subject: Making the regeneration of prisoners the aim of the state.

Approve Harmon's Administration.

"We indorse and approve the administration of Governor Judson Harmon and the Democratic state officials as the best the state of Ohio has ever had and we invite the attention of the electorate to their achievements as a guarantee of the continuation of such faithful servants

"We favor the regulation of the liquor traffic by license and strict control, when and where the people decide the traffic shall be lawful, and therefore urge the adoption of the license proposal as submitted by the constitutional convention.

"This convention fulfills the promise made without a dissenting vote by our immediate predecessors, the delegates who sat in the Democratic state convention of 1910 and pledged the Democratic party of Ohio to indorse and present Judson Harmon for the presidency in 1912.'

"This pledge was ratified by the voters of this state by a majority of over 100,000. His administration during the two intervening years justifies this confidence.

"Accordingly the delegates from Ohio to the national convention at Baltimore are instructed to give their loyal support in the effort to give Governor Judson Harmon the Democratic nomination for the presidency, and are further instructed to vote for him as a body as long as he permits his name to remain before the convention, or as long as a majority vote of the Ohio delegation shall so desire."

Wires Congratulations.

Columbus, O., June 6. — The only statement given out by Governor Harmon in regard to his victory at Toledo was as follows. In a telegram to his manager, E. H. Moore, the governor said:

"I am greatly pleased with the result. It is a splendid testimonial in face of the bitter fight made against me. The farmers were so busy when the primaries were held that the vote was light, but the voters turned out all over the state and elected delegates for me to the state convention

"Wish I could put in words my appreciation of the devoted loyalty of yourself and my other friends. All I can do is try to deserve it."

CONSPICUOUS PART IN BIG CONVENTION

Marion in Evidence in Toledo Wednesday.

FRIENDS REMEMBER JUDGE W. E. SCOFIELD

The Big Feature of Marion's Appearance in the Democratic Convention Is the Nomination of Judge Scofield for a Place on the Supreme Bench.

Marion played a most conspicuous part in the Democratic Toledo state convention.

Thursday, many were commenting on the fact. "Marion was very much in evidence," was the usual comment in discussing the convention.

Judge William E. Scofield, who was nominated for supreme justice, arrived at his home here, Wednesday night, and was given a reception by a bunch of warm admirers. Thursday, the judge was at Upper Sandusky. Many telegrams of congratulation from all over the state were received at his home.

Of course, the nomination of Judge Scofield was the big part played in the convention by Marionites, but it must be remembered that a Marion man was also secretary of the gathering. He was George B. Christian, Jr., who is admirably fitted for that most difficult position.

Two Marion men were also assistant secretaries—Harry R. Young and Benjamin F. Waples.

Judge Scofield's name was placed in nomination by his fellow townsman and distinguished jurist, Judge Caleb H. Norris.

Attorney Fred E. Guthery presented the name of Representative Harry L. Goodbread, of Wyandot county, for treasurer.

A son was born to Mr. and Mrs. Irvin R. Isenberger, of Fies avenue, Sunday.

DELEGATES-AT-LARGE OF OHIO DEMOCRACY

The twelve delegates-at-large selected, placed in nomination by a communication to the convention from Governor Harmon, are:

Senator Atlee Pomerene, Eighteenth district; Former Governor James E. Campbell, Third district; John H. Clarke, Twenty-First district; M. A. Daugherty, Eleventh district; J. H. Gocke, Fourth district; H. L. Nichols, Sixth district; William Green, Seventeenth district; Thomas Corgan, Second district; James W. McMahon, Ninth district; W. S. Thomas, Seventh district; John L. Schuff, First district, and James Ross, Twelfth district.

THE COMMITTEE GETS TOGETHER

Continued from Page One.

ings was definitely reached last night. It was decided after William B. McKinley, manager of the Taft forces, Harry S. New, chairman of the sub-committee on arrangements and one or two others of the conservative faction held a long and animated conference. The whole situation was canvassed McKinley then formally asked in the name of President Taft that the public be allowed—through the newspaper men—to attend the hearings. Mr. New agreed to lay the matter before the committee. Old-line members of the committee will be requested to vote on it. They will vote as requested.

Not Fully Approved.

This does not meet with the full approval of the Roosevelt men. Senator Dixon today voiced the complaint of his faction "We court full publicity," said Mr. Dixon. "This proposal is the height of foolishness. It is when the roll is called that the contests are decided. When the vote is taken the public should be present. If the newspaper men are excided during the voting it would be the height of underhand methods."

Another move planned by the committee is disapproved by the Roosevelt men. Victor Rosewater will be elected permanent chairman of the committee, assuring that he will serve until the convention is over. Rosewater was appointed acting chairman after Governor Hill, of Maine, elected at the December meeting of the committee, died. He is a staunch Taftite.

It was admitted by various members of the committee that Rosewater would be elected after the roll call today.

Will Seat Taft Delegates.

In fact the entire Taft program, hinted before the arrival of Congressman McKinley, has crystalized today. Rosewater will be elected chairman. The committee will seat all the Taft delegates. Root will be made temporary chairman. Root will also be advanced for permanent chairman.

The Taft program has one object, and that is to defeat Roosevelt. Likewise the object of the Roosevelt program is to defeat Taft.

From the Taft headquarters where these plans are given out, covered with the proper reserve on the part of those who stand for them, comes the prophecy that Roosevelt and his followers will bolt. From some of the ardent Roosevelt supporters, who have not heeded the admonition of Senator Dixon to allow him to do all the talking, comes the assertion that the Taft men are trying to force a bolt.

Root for Permanent Chairman.

The selection of Root as permanent chairman is the fact pointed to by these men to prove their assertion. The selection was made after a long conference of the conservative leaders that lasted until after midnight. The conclusion was announced by Harry New.

"I think there is no doubt," New said in response to a question, "but that the temporary officers of the convention will be made permanent.

It is an open secret about headquarters of the Taft faction that Senator Root's keynote address will be in a sad minor so far as the Roosevelt faction is concerned. He has been selected for the permanent seat, Roosevelt supporters affirm, because Roosevelt has let it be known that he will fight him.

About the time that Root receives the second election at the hands of the convention—according to prophecy—Colonel Roosevelt with his followers will flit from the hall and the "rump convention" of the Oyster Bay candidate's followers will begin.

Using Soft Pedal.

On the prophecy of a bolt, Senator Dixon and those closely associated with him are assiduously putting the soft pedal.

The talk grieves Senator Dixon deeply. It is preposterous, as he views the situation, to conceive that a candidate with enough votes to nominate him on the first ballot should bolt.

Both McKinley and Dixon gave out statements of delegate strength. McKinley gives Taft 595 and Roosevelt 437. Dixon claims 527 for the colonel, gives Taft 171, figures 130 uninstructed and shows that 204 have been contested.

Members of the La Follette faction seized on these figures with glee. As they view the case, the two leaders would not put out exaggerated claims unless they were rather uncertain as to the outcome. In fact, the La Follette men believe that, when the contests are over, even giving Taft ninety-five per cent. of them, Colonel Roosevelt will have enough to prevent any nomination. On the other hand, they believe the race will be so even that Roosevelt will not be named.

Balance of Power.

That puts the La Follette men, with their thirty-six votes, and the Cummins men, with ten, in the commanding position. They see a deadlock, a long fight asd a final compromise that will eliminate Taft and Roosevelt. It is only about the La Follette beadquarters, opened yesterday, that one can hear any "dark horse" talk.

The one thing that Taft men are anxious about is the southern delegation. The southern delegates are the real key to the situatios. Fear that the Southerners may join a band-wagon movement to Roosevelt keeps the Taft men out of bed at night and busy during the day.

It is for this reason partly that the committee has decided to adhere to the alphabetical order of hearing contests. It is not, as the Taft men figure it, until Indiana is reached on the list of states that the Roosevelt men have a contest with any merit. Before that time the results will thoroughly impress wavering Southerners with the futility of switching to a "lost cause."

The First Day's Grist.

The first day's grist of the contests, scheduled to begin tomorrow, includes Alabama, Alaska and Arkansas. The voting in the national committee on the contests "to save time" is viva voce. According to the present rules, it will require a demand on the part of twenty members of the committee to secure a roll call. The Roosevelt men assert that they have that many members, but they have nevertheless started a movement to secure a roll call on demand of five committeemen. The committee will flatten out this demand, according to the committeemen, today, who will talk.

As a matter of fact the Taft men say Roosevelt can not count more than fourteen members of the committee and the viva voce vote will stand, and no record of the votes of the members will be taken in most of the contests.

To add a general convention air to the proceedings today, button and banner men have reached town.

No Understanding.

A story printed in a Chicago morning paper that an agreement had been reached, whereby the Taft men would allow the Roosevelt men to win about one-third of the contests, met with vigorous denial today from both Congressman McKinley and Ormsby McHarg.

"No understanding of any sort has been reached," said McKinley. "When the national committee takes up the hearing of contests, it will give Roosevelt nothing to which he is not entitled. You may say for me that he is not entitled to much.

"I don't know where this compromise rumor originated, but I know that the report is false."

McHarg was equally certain the report was groundless. He said:

"You may be sure we are not going to stand still and be run over by the steam roller. We have 512 seats nailed down, not counting the contested delegations from Texas Alabama and New York. The Taft people agreed to give us one-third. They had better get a new statistician. They will have to jig back on that one-third proposition."

Denies the Rumor.

Senator Dixon, for the Roosevelt forces, denied a rumor that had been circulated during the morning that the Roosevelt men would oppose the selection of Victor Rosewater as chairman of the national committee.

"There is a rumor that the Taft people do not want Mr. Rosewater to act," said Dixon, "but we consider him a fair-minded man."

Arthur Vorys, national committeeman, arrived during the morning. He resented the statement that the result of the Ohio convention was "political brigandage."

"That is mere childish prattle," was Vorys' statement. They were beaten fairly in a fair fight—in a convention of duly-elected delegates.

"They remind me of a quarrelsome child—after you have licked him, he runs down to the next corner and sticks out his tongue at you.

"That is the way they have been fighting all the way through."

MRS. WILLIAM FOLK DIES THURSDAY

Death Follows an Illness of Several Months' Duration.

MRS. FOLK DAUGHTER OF SAMUEL KRANER

Is Born in Marion in 1870 and Passes Her Entire Life in Marion. Leaves a Son Who Is Fourteen Years of Age—Arrangements for Funeral Services.

Mrs. Margaret May Folk, aged forty years, widow of William H. Folk, died of a complication of diseases at the home of her father, Samuel Kraner, No. 410 each Church street, Thursday morning at 1:30. She had been ill for seven months and her death had been expected for some time.

Mrs. Folk was born in Marion, February 14, 1870, and was well known. She was a woman of lovable character and her untimely death, although expected by friends for weeks, came as a great shock.

May 10, 1894, Mrs. Folk was married to William H. Folk, former deputy county clerk, who died July 29, 1903. Her mother, Mrs. Caroline Kraner, died August 1, 1880, and a sister, Miss Ida Clara Kraner, died August 2, 1902. She is survived by one son, Samuel B. Folk, aged fourteen years; her father, Samuel Kraner; one brother, Henry Kraner, and one sister, Miss Stella Kraner.

The deceased was a devout member of the First Presbyterian church.

The funeral services will be held at the late residence, Saturday afternoon at 2 o'clock, Rev. George M. Rourke officiating. Interment will be made in the Marion cemetery.

SENATOR NIXON PASSES AWAY

Falls a Victim to Dread Spinal Meningitis.

DIES IN HOSPITAL IN FEDERAL CAPITAL

Brief Funeral Service Is Held This Afternoon.

Remains Will Leave Washington This Evening for Reno, Nevada. Will Arrive There Monday Afternoon—Funeral Party Will Be Joined at Chicago by Mrs. Nixon and Son Tomorrow.

Washington, June 6.—United States Senator George M. Nixon, of Nevada, died here at 10 o'clock Wednesday night.

Senator Nixon had been in the Episcopal Eye, Ear and Throat hospital since last Thursday, when an operation for nasal catarrh was performed. Spinal meningitis developed, and the senator's conditions soon became critical. For the past twenty-four hours his death had been momentarily expected.

Early Wednesday a Christian Science practitioner, William S. Campbell, was called into the case. The senator's wife and relatives in Nevada had been notified of his condition and they are hurrying to Washington.

Senator Nixon was one of the most conspicuous mining magnates in the West and was intimately associated with the great operations at Goldfield in his home state. He was fifty-two years old and a native of California. Going to Nevada early in life, he acquired large intecsts at Reno, Goldfield and elsewhere and began his political career with service in the Nevada legislature.

The senator was attacked by magazine writers on account of the methods by which they claimed he acquired his fortune, for he was rated as several times a millionaire, with a personal following unequaled by any other man in his state.

Following brief funeral services at the home conducted by the Rev. U. G. B. Pierce, chaplain of the senate, the body of Senator Nixon will be taken from Washington today at 6 o'clock for Reno, Nevada, where it will arrive at 4 o'clock Monday afternoon. The funeral party will reach Chicago at 2 o'clock tomorrow afternoon, when Mrs. Nixon and her son will join it.

In the senate, today, Senator Newlands, of Nevada, made formal announcement of the death of Senator Nixon. The vice president named a committee on funeral arrangements consisting of Senators Newlands, Bailey, Works, Heyburn, Brown, Curtis, Oliver, Chamberlain, Swanson, Clarke, Fall, and Ashurst.

The senate then, as a further mark of respect to the distinguished senator, adjourned until tomorrow.

MOTOR FIRE-WAGON GIVEN A TEST RUN

It Is Driven to Bucyrus for Endurance Test.

The test run of the new motor fire-wagon was made, Wednesday afternoon, and proved highly satisfactory to the city officials who took the trip. At 4:30 o'clock, the car in charge of Driver Schaffer a representative of the Seagrave company, pulled away from the Central station with Safety Director M. A. Mickley, Fire Chief McFarland, Police Chief McDonough, Councilmen L. E. Nebergall, T. J. Clary, George Smith, H. C. Krause and A. J. Sautter, City Engineer E. A. Scott and Fireman George Kelly and John Hagen on board.

The trip to Bucyrus was made in fifty-seven minutes although some bad road was encountered. In Bucyrus, the members of the party met A. G. Crouse, a representative of the factory, and the party was taken to hotel for supper. The trip home was made by the old state road, and required a little over an hour due to the driver not being acquainted with the road. The wagon was checked up today by Fire Chief McFarland, and as it is fully equipped and merits the requirements of the specifications, it will likely be installed at once.

CHICAGO.

Chicago, June 6.—Wheat opened with prices off ½ to ⅝c, this morning on good rains in the Southwest and in Nebraska. There was a slight recovery caused by buying on resting orders. Liverpool was ⅛@¼d lower. Broomhall attributed the decline to weakness in America.

Corn opened with a steady tone and with prices about unchanged. Trade was about equally divided on both sides.

Oats were lower in price and easy in tone on favorable weather in the belt. Trade was small.

Provisions were higher. The strengthening factor was a good demand for ribs and lard.

The opening quotations were:

Wheat—December 1.05⅝ to 1.05; July, 1.09¾ to 1.09; September, 1.04⅞ to 1.05.

Corn—December, 62⅝ to 62⅜@½; July, 73⅝@¾ to 73½; September, 72½ to 72⅜.

Oats—December 42¼; July 50⅛ to 50¼@⅜; September 41¼ to ⅛.

Pork—September, 18.85.

Lard—September, 11.07 to 11.10.

Ribs—July, 10.45; September, 10.60.

After being nervous and irregular all day wheat closed showing declines of ½ to ⅝c. An early dip of ½ to ⅝c. on western rains was followed by a recovery on good buying. On renewed reports of rains in Kansas and Nebraska the market turned heavy and slumped off. There was little reactionary power.

Corn was strong at the close and showed advances of ⅛ to ½c. with July particularly firm. The close was ⅜@½c. below best prices.

Oats showed a gain of ¼c. for the July while September was ¼c. lower and December off ⅛c.

Provisions were stronger and a shade higher.

The closing quotations were:

Wheat—December 1.04⅞; July, 1.08⅞; September, 1.04⅜.

Corn — December, 62¾; July, 74¼; September, 72¾.

Friends Believe Arrest Result of Misunderstanding.

Edwin Burton Fenton, formerly a well known Marion resident, is under arrest in Toledo, his home, an affidavit in lunacy having been filed against him by Byron Newman, a former business associate.

Mr. Fenton and his friends claim that the affidavit was inspired as a result of a business misunderstanding. The outcome of the case will be watched by Mr. Fenton's many local friends with great interest.

Before going to Toledo four years ago, Mr. Fenton was editor of the Sandusky Star-Journal. Shortly after locating in Toledo, he was elected chairman of the Lucas county Republican central committee. Recently he had been managing a publicity bureau in Toledo.
